A letter from our student Agnes in Uganda. August 2026

Dear benefactors,

This is Ainebyona Agnes c/o sister Nabossa Mary Valentine. How's the going? Hope you're doing fine and well. This side we are also fair. I am writing this to express my sincere gratitude towards the generous and sincere help you render to me. I am in my first year at Makerere university doing a Bachelor of Science in biotechnology. I thank you very much because I was only able to complete the necessary fees required with the help you rendered to me, which is not easy I guess. I also got a hostel for residence near Makerere called new nana hostel. I am in a double room with my roommate being in year 4 of law. The hostel provides us with free shuttle services to and from campus meaning I wouldn't have to spend on transport fees. So far, life isn't bad at all as I'm coping with campus life now.

I have a cup of black tea and bread in the morning and also ensure to pack some for lunch in order not to spend buying a meal. I have a reasonable meal like thrice a week in order to try to keep healthy and also reduce on my expenditure as the funds are somewhat limited though enough for survival, thanks to you.

I have been diligent with my studies and I am thankful that I am among the lucky people to have been given an opportunity by you to go for further studies. I am running for chief fresher, a position for year ones.....and I hope to win in Jesus' name. All in all, I thank the Lord for having brought you and sister Nabossa Mary Valentine into my life because my studies would have been halted if it wasn't for your intervention. May the God Lord continue to provide for you and give you good health. I know that words alone cannot express how grateful I am for the opportunity you've given to me at hand. And I promise to use it and not to fail you with God on my side.

Thank you so much for the help and may God continue to bless you, Amen.
